**This print version is provided for planning purposes only.**

#### NH ILL Profile Survey

##### Library to Include in the New NHAIS ILL System

We are in the process of implementing a new NHAIS ILL System for NH and are using a series of online surveys to collect the data we need to include individual libraries in the system. If you would like your library to be part of the NHAIS ILL System please complete this survey. Note that we are not automatically moving any libraries from the old ILL system to the new one. Completion of this survey indicates that your library wants to be included in the new NHAIS ILL system.

\* Full Name of your library:

\* What town is your library in?

\* HSA code of your library (if unsure check the [code list by town](#))

\* Who is your library director? (or whoever is in charge of the library regardless of the title they use)

Name:

Daytime phone number:

email address:

#### NH ILL Profile Survey

##### Interlibrary Loan Contact Information

\* Who is the primary ILL contact person in your library?

Name:

Daytime phone number:

email address:

## Your Library's Holdings

LIST 1: If your library has one of the systems in this list, please select it and skip past List 2 to choose either Option 1 OR Option 2 below.

- |   |   |
|---|---|
| <input type="radio"/> Biblionix Apollo      | <input type="radio"/> OCLC WMS              |
| <input type="radio"/> Booksystems Atrium    | <input type="radio"/> SirsiDynix Horizon    |
| <input type="radio"/> Evergreen             | <input type="radio"/> SirsiDynix Symphony   |
| <input type="radio"/> Innovative Millennium | <input type="radio"/> SirsiDynix EOS.web    |
| <input type="radio"/> Innovative Polaris    | <input type="radio"/> TLC CARL              |
| <input type="radio"/> Innovative Sierra     | <input type="radio"/> TLC Library Solutions |
| <input type="radio"/> Koha                  |   |

LIST 2: If your library automation system is not in List 1 (above) please select one of the choices in this list, then choose Option 2 in the next question.

- |  |   |
|--|---|
| <input type="radio"/> COMPanion Alexandria       | <input type="radio"/> Library World                                       |
| <input type="radio"/> Exlibris ALMA              | <input type="radio"/> LibrarySoft   |
| <input type="radio"/> Follett Circulation Plus   | <input type="radio"/> SIRS Mandarin                                       |
| <input type="radio"/> Follett Destiny            | <input type="radio"/> Jaywil Resourcemat                                  |
| <input type="radio"/> Follett Sagebrush          | <input type="radio"/> Surpass   |
| <input type="radio"/> Follett Winnebago Spectrum | <input type="radio"/> We don't have an automated system                   |
| <input type="radio"/> Infovision Evolve          | <input type="radio"/> We have a library system that is not on either list |

\* Which option will your library use to share information about your holdings?

- ☐ **Option 1 -Z39.50**  
 YOU MUST HAVE A SYSTEM IN LIST ONE ABOVE TO CHOOSE THIS.  
 Your local automated library system can be connected to the NHAIS Interlibrary Loan System via Z39.50 and make use of real-time availability information for ILL requests. With this option you will need to maintain holdings only in your local system; no additions or deletions will need to be sent to NHAIS to keep your holdings current in compliance with the NHAIS ILL Agreement. This option results in the Z39.50 target receiving many searches and "hits" at any time of day as users search the site.
- ☐ **Option 2 -Union Catalog**  
 THIS OPTION IS AVAILABLE TO ANY LIBRARY.  
 You will send an extraction of your entire MARC database from your local library system (or have your existing NHU-PAC holdings extracted by NHAIS Services) to be added to the new NHAIS ILL System. This option requires that you add holdings for new acquisitions and delete holdings for discarded items from the NHAIS ILL System on a regular basis following the procedures set for this by NHSL NHAIS Services.

\* Is your library part of a consortium?

If you share a local automation system with other libraries we would consider you part of a consortium; other cooperative arrangements are not relevant to this question.

☐ No

☐ Yes

If your library is part of a consortium who is the contact person for system information about your shared automated system?

Name:

Daytime phone number:

email address:

#### NH ILL Profile Survey

Thank you!

**The information you have provided will help us get your library set up as a participant in the new NHAIS ILL System.**

**In addition to this survey a configuration survey will also need to be completed to get your library set up in the new system. Visit <https://www.nh.gov/nhsl/nhais/nhaisillsystem.html> to find the links to the relevant survey.**

**It would be very helpful if all the surveys for your library are completed on the same day.**
